

FCC COMPLIANCE INFORMATION STATEMENT

SUPPLIERS DECLARATION OF CONFORMITY

Manufacturer:	Cambridge Communication Systems Ltd
Responsible Party in the USA:	ADTRAN, Inc. Dan Cassidy Compliance Engineering Manager 901 Explorer Blvd. Huntsville AL 35608 256-963-8186
Product:	Metnet 60G CPE v2
Model:	G60UV03
Test Report:	06-11390-2-20 Issue 01

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to CFR47 Part 15B of the FCC rules as documented in the above referenced test report.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

We, Cambridge Communication Systems Ltd, have determined that the above-named equipment product model has been shown to comply with the applicable technical standards.

Furthermore, we warrant that each unit of equipment marketed is identical to the unit tested and found acceptable with the standards.

The records maintained continue to reflect the equipment being produced within the variation that can be expected due to quantity production and testing on a statistical basis.
